THERE IS A **DIGITAL DIVIDE**!

Telecentres around the world

Philippines was a signatory to the **World Summit on the Information Society – Geneva Plan of Action, 2003**

"Government and other stakeholders should establish multi-purpose community public access points, providing affordable or free-of-charge access for their citizens to the various communication resources, notably the internet."

PHILIPPINE COMMUNITY eCENTER PROGRAM

REPUBLIC OF THE PHILIPPINES

DEPARTMENT OF INFORMATION AND COMMUNICATIONS TECHNOLOGY

The Department of Information and Communications Technology by the virtue of the Republic Act 10844, is the branch of Government that will promote, develop and regulate strategic information and communications technology (ICT) and reliable system and cost efficient communication and facilities and services.
