PNP on hiring more women: We are a patriarchal society. We are not discriminating women but it's a reality we need to face, adjust | #TheSource live [cnn.ph/1LXc9jG](http://cnn.ph/1LXc9jG)

“We are living in a culture of women-hating and sexism that normalizes discrimination and violence against women, and pushes women’s issues, especially the marginalized, into the periphery, rendering us invisible.” – (WLB, 2018)

Tuwing ika-25 ng Nobyembre, iginugunita ang International Day for the Elimination of Violence Against Women, at sa araw ring ito nag-sisimula ang 18 araw na aktibismo sa pagtapos ng karahasan laban sa kababaihan.

Nakikiisa ang WLB sa kampanyang ito sa pamamagitan ng patuloy pang pagsasabuhay ng akses sa hustisya ng bawat babae mula sa mga marginalized sectors laban sa lahat ng porma ng karahasan, lalo na ang sekswal na karahasan na pinaaiigiting pa ng seksismo ng gobyerno, at pansasantabi sa kapakanan at pangangailangan ng kababaihan sa bansa at sa rehiyon ng Southeast Asia.

(Kasama ng WLB ang World March of Women - Pilipinas, Katutubong Lilak at iba't iba pang grupo ng kababaihan mula sa mga sektor na katutubo, rural, LGBT, atbp sa ilang mga programang gumugunita sa International Day for the Elimination of Violence Against Women na ginanap noong ika-23 Nobyembre.)

It is important to be conscious to not let prejudices and negative gender stereotypes chip away at our rightful places in the society. We must reject narrow-minded and misogynistic beliefs that fortify glass ceilings and keep women and children short in access to rights and entitlements such as healthcare, education, housing and adequate standard of living."
